No complaints from the project site." €ÁÁÁWe appreciate you working with our tight schedule and overdelivering on this project." €ÁÁÁThe rolled segments were perfect and priced right. When manufacturing these products, you can make a good use of merits of NPB series - 3D freeform design and beautiful bending finish. We would NOT be having such a success story without your team's effort & patience!€ÁÁÁ €ÁÁÁYou gave me excellent service and help which I appreciated very much. If using fins with a larger inside diameter, they can be set smoothly but they are not set tightly. Applicable Tube Diameter NPB030€ÁÁÁ»ÁÉÁÁ»ÁÉÁÁ»ÁÁÁ»ÁÁ31.8 NPB040€ÁÁÁ»ÁÉÁÁ»ÁÉÁÁ»ÁÁÁ12.7»ÁÁ48.6 NPB050€ÁÁÁ»ÁÉÁÁ»ÁÉÁÁ»ÁÁÁ12.7»ÁÁ60.5 Min. Playing equipment is a typical case. Beat the schedule. You guys saved the day.€ÁÁÁ €ÁÁÁYou guys did an amazing job on these stringers. Due to motor drive, operation sound is very calm and high speed operation such as 10m/minute is realized. Thank you for your concerns regarding our questions and responding so quickly. You can give additional value to the products by differentiated design. First two sets were laid out and fabricated. I will certainly be recommending you to anyone needing such services.€ÁÁÁ €ÁÁÁWe got everything we needed in a very short turnaround, I appreciate it. You can set bending radius and angle freely because NPB series does not use roll die. This model enables more than 180 degree bending, large radius bending, spiral bending and so on. However, NPB series does these processes in one operation and increases productivity and quality of appearance drastically. We won't even question where to send our rolled plates in the future." €ÁÁÁYour guys responsiveness is way better than any vendor that I have ever dealt with!" €ÁÁÁI always appreciate your continual positive attitude even in some difficult situations." €ÁÁÁWe could not be happier with the parts and customer service you and your team provided. Á ÁYou provide excellent and knowledge" "These tubes have been rolled DEAD ON. Thank you!" "Your work, as always, perfect neighbor, timely and accurate. All our offices will contact you in the future." "My boilers in the field had positive things to say about the quality and accuracy of the angles you rolled. Rings. The material was on time and right on spec." "Your positive attitude is noted and the CMRP reputation in the steel industry is impressive. The quality and accuracy of CMRP's work is outstanding" "The ring looks good! OD is dead. Due to the reduced restriction to design, you can inflate your idea. we are three states away." "I would like a quote on a spiral project. Thank you for the great service!" "I have worked with CMRP for over 16 years and can count on them for any size work and any time. I have heard many good things about your quality and promptness from other manufacturers." "The rolled beams were delivered yesterday and seem very good. I will recommend your company to others." "We handle all our orders quickly and efficiently. "Thank you for the ABOVE EMPLOYED SERVICES. Advance speed 200mm/s (depending on model, material and target form) Input voltage 200V +/- 20%, 3-phase (transformer must be purchased locally by customer) Input current 40 nights100A (depending on model) CNC Mitsubishi Electric System MELDAS M80W Approx series. Pipe length 4m (expandable up to 16m as option) Max. That's why you're the best in the industry!" "It was very impressive to get such a quick service and a great product." "Very impressed by the speed and global service!" "Great service, product looks good, arrived one day in advance. Our fab and installation is going very well thanks toof your work. "á €œThe your company is the only one that gave me a quote that was precisely with my specifications, all the others had to change at least one sizeá €. Size. you to follow through & turn time, greatly helps in the environment that exists today." "This was our first experience with your company and I was very impressed by all aspects." "I want everyone to know that your hard work and efforts have not gone without appreciation." "The accuracy and quality of the product have put a smile on our front - which is difficult to achieve." "Competitive price. We are happy to have a reliable source to address." "That was great! Time, appropriate, and frankly less money than we expected." "CMRP immediately took action and sent my order the same day! All this happened as a watch, allowing us to comply with the deadline." "We use CMRP only for our rolling needs. You know you do the best job." "Thank you for your help with the project and to get everything complete and shipped so quickly. Ideas have no limits. External design Products and Monuments 3D curve design which is comfortable for man became necessary in fences, benches, monuments and so on that they are located in public buildings and squares. The quality is fine." "The rolled corders were right on the button until step and radius." "I really appreciate your company passing through this order and expel the material when you said you would. "You are faithful to their word." "The last order of rings was the best we received from you. We will definitely use you again." "Your group is great for working with and much appreciated!" "You did everything correctly. I really appreciate it. Using NPB series, you can set the fins in a narrow and simple way, and still adopt the freest 3D shape because the deformation of the pipe is light. Read more NISSIN CNC 3D FREE TUBE BENDER NISSIN CNC Milling Machine. etnemlicaf etnemlicaf D3 arebil amrof id arugif al eraf Áaup is ~ÁsoC etnemateljpmoc etanoiznevnoc obut redneb led enumoc aznesonoc al aibmac aedi avoun ad atan BPN The tube in the atomic power plant, a tube folded with this model is suitable for high pressure use such as the cooling tube in the atomic power plant in which the resistance of the tube is important, because the thickness of the rear side of the portion of decline does not reduce, unlike pipes folded by conventional bandages. Any work, large or small, has arrived CMRP. "Your rolled steel worked great! We check the lengths and sizes of the chords ... everything was in a 1/8". "We received our order in time and the level of processing is excellent!" "The Your company has done an excellent job to roll these parts. Your parts are receiving the most positive feedback possible. Until now, in the shape of a large and 3D as the bow guide was bent with the hand by the craftsmen. Exactly the same in the Last 40 years. "á á,- á" the absolutely fantastic work from your boys! The wearability of the two parts in Awesome! "" The other guys were off 3/4 ", CMRP commercials. You can get such a form of tube for tube, its radius changes continuously." A big thank you to your team. Everything worked wonderfully! "The parties are very impressive and the service was stellar. The kids of the shop said they had never seen a pipe enter and hit every point of the genre for a long time." "The roll on these rectangular pipes was absolutely perfect! Each adjustment was to be made. "" "We have just placed an order for rolled angular rings and you have delivered us within 2-1/2 days ... unlike a conventional tube bend using the pressure method, this model does not It is necessary to replace the dies when changing the folding radius because the tube is driven to die smoothly. We can always depend on obtaining a finished product is for our expectations or better. is why we use you, a quick response to quotes and questions and great quality! "Your quotes are always so well organized and in depth, I trust your work." On more complex rolling elements, I'm usually just going to Metal Rolled Products for pricing due to quality.€ÁÁÁ €ÁÁÁThanks for providing the material. Interior Furniture/Chairs Because NPB series can cut out restraint in the design, such products can be developed as reflect free ideas of designers fully. Bend Radius 3 x Outer Diameter (3OD) Recommended Wall Thickness 5 Á½ÁÁ10% of Tube Diameter (Depending on material, bend radius and OD) Materials Steel, Stainless Steel, Aluminum, Copper, Brass and other metallic tubes Max. Net Weight 2.1 tons Á½ÁÁANPB030 Á½ÁÁ, €ÁÁÁ3.7 tons Á½ÁÁANPB040 Á½ÁÁ, €ÁÁÁ5.5 tons Á½ÁÁANPB050 Á½ÁÁ Bundled Software Easy Programming(Editor)€ÁÁÁAGES Translator€ÁÁÁParam Á½ÁÁ (Spring back correction file editor) Warranty One year from Bill of Lading date (Not applicable to non-supported countries) Applications Cooling Tube for Compressor Before setting fins After setting fins A tube for heat exchange is a copper tube bent in 3D and it wears a lot of radiation fins tightly secured. So, unlike a conventional tube bender, wall thickness reduction at the back side is very small. I appreciate your diligence and quality on this one.€ÁÁÁ €ÁÁÁCMRP has been instrumental in our ability to deliver high quality & great looking parts. In our bender, tube is pushed into die. You are ahead of schedule and the strakes are fitting great." "Your advice was a significant contribution to the project. Due to CNC control, you can change bending radius and bending direction in X-axis and Y-axis freely. The flanges were all flat. Your company has new fans here." "Without CMRP able to roll these channels to my specifications, there was no way this beautiful round antenna would have ever worked.Á Á "My customer has installed several truckloads worth of 36" x 160# WF beams you rolled and cambered for us. Thank you.€ÁÁÁ €ÁÁÁThe project is complete and our customer is very pleased. CMRP delivers every time.€ÁÁÁ €ÁÁÁIt is unbelievable how good a job you guys did rolling these beams.€ÁÁÁ €ÁÁÁYou all helped us out .ebbertop .oressetop ehc avarbmes ortla nussen odnaug
